APPENDIX

**The opinion of the Management Board
of LPP SA seated in Gdańsk
as of 29 April 2011**

**providing reasons for the exclusion, in their entirety, of pre-emptive rights to series L shares,
subscription warrants for series L shares, the issue price of the shares and the free of charge nature
of the subscription warrants**

The Annual General Meeting of shareholders of LPP SA („**the Company**”) was convened on 27 June 2011 in order to, among other things, adopt the resolution on the issue of no more than 21 300 (twenty one thousand three hundred) subscription warrants („**the Subscription Warrants**”), the conditional increase of the Company share capital by the amount not greater than PLN 42 600 (forty two thousand six hundred) through the issue of no more than 21 300 (twenty one thousand three hundred) series L ordinary bearer shares, with the nominal value of PLN 2 (two) each („**the series L Shares**”), the exclusion of the pre-emptive rights of the previous shareholders of the Company and amendments to the Company Statute.

The objective of the conditional share capital increase through the issuance of Series L Shares and the issuance of the Subscription Warrants for Series L Shares is for the Company to develop effective tools and mechanism to motivate key managers of the Company to take actions ensuring a long-term increase in the Company value, its financial results and the need to stabilise the management personnel of the Company.

The Management Board believes that the introduction of the tool consisting in providing the key managers of the Company with the possibility to acquire shares under the conditional share capital increase constitutes, in the current situation of the Company, the best source of motivation for making intensive efforts to achieve the established objectives in a way that does not jeopardize the financial liquidity of the Company. Targeting the issuance at the key managers of the Company is in fact related to and justifies the exclusion of the entirety of the pre-emptive rights to L Series Shares vested in the shareholders. The purpose of issuing the Subscription Warrants for the Series L Shares is, on the one hand, to postpone possible bonus given to persons entitled to acquire the Warrants and thus guarantee the stability of the key managers of the Company and, on the other hand, to facilitate the introduction of Series L Shares at the Warsaw Stock Exchange („**WSE**”). The Subscription Warrants and Series L Shares shall be offered to Marek Piechocki, Dariusz Pachla, Jacek Kujawa, Piotr Dyka, Hubert Komorowski and Sławomir Łoboda. The acquired Subscription Warrants shall be deposited with the Company. The pre-emptive right to Series L Shares shall be lost when an agreement which bounds the persons listed above with the Company has been terminated by this person before the initial date for converting the acquired Warrants into series L Shares. The Management Board believes that the Incentive Programme will constitute an efficient tool for the implementation of the policy for the long-term increase in the Company value. This objective is undoubtedly also crucial for all groups of shareholders, since the expected result of such actions is the increase in the value of the previously issued Company shares.

The Subscription Warrants for Series L Shares shall be issued free of charge. The purpose of issuing the Subscription Warrants is to make it possible for the Series L Shares to be acquired by persons authorised under the incentive programme which by nature is to constitute some form of bonus and financial incentive to increase efforts for the Company development, and to facilitate the subsequent listing of Series L Shares on the Warsaw Stock Exchange. In view of the above, the free of charge issuance of the Subscription Shares seems to be fully justified.

The issue price of Series L Shares shall be PLN 2 000, constituting the value of an average daily closing price of LPP SA shares quoted on the WSE in the period from 1 September 2010 to 31 March 2011, rounded off to the nearest one hundred zlotys. The price so established is to constitute an incentive for the authorised persons to take actions and make efforts to increase the value of the Company, which translates into the subsequent value of the securities on the market, and thus the value of the financial bonus for the authorised persons.

The above circumstances cause that excluding the entirety of pre-emptive rights to Series L Shares vested in the previous shareholders and the pre-emptive rights to the subscription warrants for Series L Shares is economically justified and in the interest of the Company. The method of

determining the issue price of Series L Shares and the free of charge issue of the Subscription Warrants are also justified.

Taking the above into consideration, the Management Board hereby recommends for the Annual General Meeting to adopt the resolution regarding: (i) the issue of series A subscription warrants for series L shares, (ii) conditional share capital increase, (ii) exclusion of pre-emptive rights of series A subscription warrants and exclusion of pre-emptive rights to series L shares, (iv) authorisation for the Company bodies, (v) amendment to the Statute."
